

ONCE IN YOUR LIFETIME...

SHOOT THE YUKON

Come, be part of the first Annual "Yukon Flotilla", a joint Yukon and Alaska Centennial fun-filled trip of a lifetime. Recapture, explore and challenge the Yukon in a car that can drive you there in comfort and with the flick of a lever becomes a 14-foot, steel-hulled twin screw, in-board motor boat as you splash into the mighty Yukon. Amphicar, a car and boat in one is the most effortless, yet exciting way to take this fascinating trip. You'll be joined by a select handful of adventurous souls who like yourself want more from a vacation than a few weeks in the sun. Your Amphicar is available on either a rental, purchase or rental purchase basis for the trip to Whitehorse, Yukon Territory where the excitement really begins . . . then into the Yukon for 10 days of the most unusual vacation-adventure trip of your life. Each night you simply drive onto the bank to set up camp and join your fellow explorers in sandbar dancing, barbecues and camp-fire sing-alongs. From Dawson City you drive out of the Yukon and possibly on to Fairbanks, Alaska where the Alaska Centennial celebrations are in full swing. The trip of a lifetime, all in the car that goes everywhere.

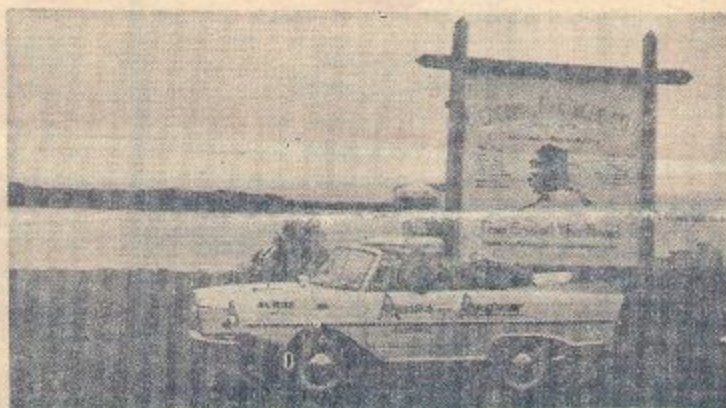

Hit the Yukon at Whitehorse, and you're off . . . nothing to it in the Amphicar.

Come Join the Fun!

Fish from your Amphicar or drive on up on the bank, it's easy in the Amphicar.

At the end of the road and the river if you go on from Dawson to Circle, Alaska.
